COLIN GELDER

CASE STUDIES: IDENTIFYING THE TREATMENT UNCERTAINTIES OF PEOPLE WITH ASTHMA

JOINT PRESENTATION WITH SAMANTHA WALKER AND IVOR COOK

BIOGRAPHY

Colin is a Consultant Respiratory Physician based in Cardiff, and has had a professional interest in asthma for many years. He is particularly interested in the interactions between allergies and asthma, and rhinitis and asthma, and currently leads the Difficult Asthma Service in Cardiff. He also has a personal involvement in asthma as he suffers from mild asthma, and is the father of two children who both also have mild asthma. Colin is the Editor for the Database of Uncertainties about the Effects of Treatments (DUETS) asthma module.

RELEVANT COMPETING INTERESTS

Grants/Research Support: Lecture fees for lectures and small group seminars on asthma to GP's and practice nurses from GlaxoSmithKline, AstraZeneca and Altana. Financial support received to attend meetings of the European and American Respiratory Society from the same companies.
